

We will be **introducing a product 'Rising Stars – Small & Mid cap'** which will provide you with interesting investment avenues from **Small Cap and Mid Cap** space of equity markets.

We have been working on this product for months to bring on table a splendid and refined product. Altogether, it involved a different prudence and second level thinking to identify companies with right mix of reasonable risk and significant upside potential.

**Features:**

- It will include **25-30** Small & Mid cap companies
- These companies will be **over and above** our existing coverage of **169 companies**
- Price: **Rs. 7500**
- The product will be launched in the first week of **Jan 2015**

**Why should you buy it early?**

- Your plan will be activated post launch (i.e. first week of Jan) of the product & will be valid for a year then onwards
- What if there is any buy opportunities before launch of the product? Will we miss them?  
Absolutely not! If there is any buy opportunities prior to the launch of the product, we will notify you through mail & SMS. So that you do not miss on the opportunity!

**We would like to inform you that we have given a buy call on one of the companies.**
